- **Anti-Discrimination.** It is the policy of GDPSC that in connection with all work performed under contracts, there be no discrimination against any prospective or active employee engaged in the work because of race, color, ancestry, national origin, religious creed, sex, age or marital status. GDPSC shall be the sole judge as to the quality and suitability of alternative articles or materials and GDPSC's decision shall be final. Whenever the specifications permit

the substitution of a similar or equivalent material or article, no tests or action relating to the approval of such substitute material will be made until the request for substitution is made in writing by the contractor, enclosed in the sealed bid packet, and accompanied by complete data as to the equality of the material or article proposed.

- **Laws to be Observed.** The Contractor shall remain fully informed of all existing and future State and federal laws and county and municipal ordinances and regulations which in any manner affect those engaged or employed in the work, or the materials used in the work, or which in any way affect the conduct of the work, and of all such orders and decrees of bodies or tribunals having any jurisdiction or authority over the same. The Contractor shall at all times observe and comply with, and shall cause all agents and employees to observe and comply with all such existing and future laws, ordinances, regulations, orders and decrees of bodies or tribunals having any jurisdiction or authority over the work; and shall protect and indemnify GDPSC and all officers and employees thereof connected with the work, against any claim or liability arising from or based on the violation of any such law, ordinance, regulation, order, or decree, whether by Contractor or Contractor's employees. If any discrepancy or inconsistency is discovered in the plans, drawings, specifications, or contract for the work in relation to any such law, ordinance, regulation, order or decree the Contractor shall forthwith report the same to GDPSC in writing.
- **Sales Tax.** Bidders are to include sales tax in their pricing in the space provided on the Bid tabulation sheet, if applicable.
- **E-rate Specific Provisions:** All bidders are required to abide by E-rate procurement rules. Bids submitted must adhere to the lowest corresponding price rules [defined as the lowest price that a service provider charges to non-residential customers who are similarly situated to a particular applicant. 47CFR Part 54, Section 54.500(f).]

Bids containing a mixture of eligible and ineligible components must clearly break out the costs of both. Only the eligible portion of the bid will be submitted to USAC for payment.

- Equipment delivery must be complete before invoicing can occur. Green Dot prefers the SPI method of invoicing.

Within five (5) calendar days of notification of award (or a minimum of two (2) weeks prior to the closing of the 2021 Form 471 filing window), the winning vendor must submit an itemized item 21 using the official USAC template for the eligible services. Green Dot requests that all invoicing be done using the Service Provider Invoice (SPI) Form 474 method. All invoicing must be completed within 120 days of the last date of service. In the event that the vendor misses that deadline, GDPSC is only responsible for the applicant share of the cost of the equipment.

GDPSC reserves the right to wait until E-rate funding notification is received to commence work, or can begin the project as defined. If the project is started before the funding commitment decision letter, and funding is later denied, GDPSC is only responsible for the equipment or services delivered up to that point.

The Service Provider acknowledges that all pricing and technology infrastructure information in its bid shall be considered as public and non-confidential pursuant to §54.504 (2)(i)(ii).

Winning vendors are subject to State of California public disclosure laws and must retain all documentation relating to the bid process, implementation, installation, and invoicing for 10 years from last date of service. For the purposes of this contract, all documentation must be retained until, at minimum, June 30, 2034.

Additional provisions may be located in the FCC Form 470 number 210002382.

Article 12. GREEN DOT PUBLIC SCHOOLS CALIFORNIA RIGHT TO TERMINATE CONTRACT.

If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged as bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency, or if he should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workmen or proper materials to complete the work in time specified, or if he should fail to make prompt payment to subcontractors or for material or labor, or persistently disregards laws, ordinances or instruction of GDPSC, or otherwise be guilty of a substantial violation of any provision of the contract, or if he or his subcontractors should violate any of the provisions of this contract, then GDPSC may, without prejudice to any other right or remedy, serve written notice upon him and his surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten (10) days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate. In such case, Contractor shall not be entitled to receive any further payment until work is finished. In the event of any such termination, GDPSC shall immediately serve written notice thereof upon surety and Contractor, and surety shall have the right to take over and perform this contract, provided, however, that if surety within fifteen (15) days after service upon it of said notice of termination does not give GDPSC written notice of its intention to take over and perform this contract, or does not commence performance thereof within thirty (30) days from date of serving such notice, GDPSC may take over the work and prosecute same to completion by contract or by any other method it may deem advisable for the account and at the expense of Contractor, and he and his surety shall be liable to GDPSC thereby. GDPSC may, without liability for doing so, take possession of and utilize in completing the work such materials, appliances, plant, and other property belonging to the Contractor as may be on the site of the work and necessary therefore.

The foregoing provisions are in addition to and not in limitation of any other rights or remedies available to GDPSC.

Article 14. NOTICE AND SERVICE THEREOF.

Any notice from one party to the other under the contract shall be in writing and shall be dated and signed by party giving such notice or by duly authorized representative of such party. Article 23. EXCISE TAXES.

If, under federal excise tax law, any transaction hereunder constitutes a sale on which a federal excise tax is imposed, and the sale is exempt from such excise tax because it is a sale to a state or local government for its exclusive use, GDPS, upon request, will execute a certificate of exemption which will certify (1) that GDPSC is a political subdivision of the state for the purpose of such exemption; and (2) that the sale is for the exclusive use of GDPS. E-RATE SUPPLEMENTAL TERMS AND CONDITIONS

Signed copy to be returned with bid response.

The Telecommunications Act of 1996 established a fund by which Schools and Libraries across the Country could access discounts on eligible telecommunications products and services. The program is commonly known as the E-rate Program. The eligibility for discounts on internet access, telecommunications products and services, internal connection products, services and maintenance is determined by the Federal Communications Commission (FCC). Funding is made available upon application approval by the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC), which was established by the Act. The amount of discount is based on the numbers of students eligible for free and reduced price meals.

1) E-RATE CONTINGENCY

The project herein is contingent upon the approval of funding from the Universal Service Fund's Schools and Libraries Program, otherwise known as E-rate. Even after award of contract(s) and/or E-rate funding approval is obtained, the District may or may not proceed with the project, in whole or in part. Execution of the project, in whole or in part, is solely at the discretion of the District.

2) SERVICE PROVIDER REQUIREMENTS

The District expects Service Providers to make themselves thoroughly familiar with any rules or regulations regarding the E-rate program.

- a. Service Providers are required to be in full compliance with all current requirements and future requirements issued by the SLD throughout the contractual period of any contract entered into as a result of this RFP.
- b. Service Providers are responsible for providing a valid SPIN (Service Provider Identification Number). More information about obtaining a SPIN may be found at this website:
<https://www.usac.org/e-rate/service-providers/step-1-obtain-a-spin/>
- c. Service Providers are responsible for providing a valid Federal Communications Commission (FCC) Registration Number (FRN) at the time the bid is submitted. More information about obtaining an FRN may

be found at this website:

<https://fjallfoss.fcc.gov/coresWeb/publicHome.do>

- d. Products and services must be delivered before billing can commence. At no time may the Service Provider invoice before July 1, 2021.
- e. Prices must be held firm for the duration of the associated E-rate Funding Year(s) or until all work associated with the project is complete (including any contract and USAC approved extensions).
- f. Goods and services quoted shall be clearly designated as “E-rate Eligible”. Non-eligible goods and services shall be clearly called out as 100% non-eligible or shall be “cost allocated” to show the percentage of eligible costs per SLD guidelines.
- g. Within one (1) week of award, the awarded Service Provider must provide the District a bill of materials using a completed USAC “Item 21 Template” for construction of the various Funding Requests. Subsequent schedules of values and invoices for each site must match Item 21 Attachment or subsequent service substitutions. A summary sheet must also be provided to provide the cumulative amount for all sites.**
- h. In the event of questions during an E-rate pre-commitment review, post-commitment review and/or audit inquiry, the awarded Service Provider is expected to reply within 3 days to questions associated with its proposal.

3) SERVICE PROVIDER ACKNOWLEDGEMENTS

- a. The Service Provider acknowledges that no change in the products and/or services specified in this document will be allowed without prior written approval from the district and a USAC service substitution approval with the exception of a Global Service Substitutions.
- b. The Service Provider acknowledges that all pricing and technology infrastructure information in its bid shall be considered as public and non-confidential pursuant to §54.504 (2)(i)(ii).
- c. The Service Provider acknowledges that its offer is considered to be the lowest corresponding price pursuant to § 54.511(b). Further details on LCP may be obtained at USAC's website:
<https://www.usac.org/e-rate/service-providers/step-2-responding-to-bid>

[s/lowest-corresponding-price/](#). Should it not be the lowest corresponding price, the service provider must disclose the conditions leading to the applicant being charged in excess of lowest corresponding price.

d. **BIDDERS are required to comply with the FCC’s Lowest Corresponding Price (“LCP”) Requirement for all equipment and Services. BIDDER acknowledges that BIDDER is solely responsible to comply with LCP requirements. To the extent that USAC finds an LCP violation and reduces the E-rate Funding, BIDDER agrees that it will not hold the DISTRICT liable for any shortfall in E-rate funding and will be responsible for any ensuing appeals, COMADS and/or RIDFS.**

e. **The Service Provider attests that its offer does not violate the FCC’s October 29, 2019 Report and Order, Notice of Proposed Rulemaking, and Order ([FCC-CIRC1911-01](#)) addressing issues of “National Security Threats to the Communications Supply Chain Through FCC Programs” which “prohibits the use of USF funds to purchase or obtain any equipment or services produced or provided by a company posing a national security threat to the integrity of communications networks or the communications supply chain.”**

f. This offer is in full compliance with USAC’s Free Services Advisory <https://www.usac.org/e-rate/applicant-process/competitive-bidding/free-services-advisory/>. There are no free services offered that would predicate an artificial discount and preclude the applicant from paying its proportionate non-discounted share of costs. The service provider agrees to provide substantiating documentation to support this assertion should the applicant, USAC, or the FCC request it.

4) INVOICING

a. The Service Provider agrees to bill and receive a portion of the payment for the provisions of goods and services described herein directly from USAC via the Form 474 Service Provider Invoice (SPI). The District will only be responsible for paying its non-discounted share of costs and does not intend to use the BEAR process (Form 472). The maximum percentage the District will be liable for is the pre-discount amount minus the funded amount as shown on the FCC Form 471 Block 5 and any identified ineligible costs. Upon the successful receipt or posting of a Funding Commitment Decision Letter from the SLD and submission, certification and USAC approval of Form 486, the District shall pay only the discounted amount beginning with the billing cycle immediately following said approval. Alternatively, should the District decide that it is

in the best interest of the District to file a Form 472, the District will inform the Service Provider of its intent.

b. All Service Provider invoicing to USAC must be completed within 120 days from the last day of service. Should the Service Provider fail to invoice USAC in a timely manner, the District will only be responsible for paying its non-discounted share.

5) FCC/SLD AUDITABILITY

The E-rate program requires that all records be retained for at least ten (10) years from the last date of service provided on a particular funding request. Respondent hereby agrees to retain all books, records, and other documents relative to any Agreement resulting from this RFP for ten (10) years after final payment. The District, its authorized agents, and/or auditors reserves the right to perform or have performed an audit of the records of the Respondent and therefore shall have full access to and the right to examine any of said materials within a reasonable period of time during said period.

6) procurement of additional goods and/or services/coterminous expiration

During the term of any Agreement resulting from this RFP, the District may elect to procure additional or like goods and/or services offered by the Respondent. Such services shall be negotiated and obtained via an official amendment to this Agreement and approval by the District's Governing Board. All terms, conditions, warranties, obligations, maintenance and support of said goods or services shall have a coterminous expiration date with the original date of this Agreement. The District shall not enter into a separate Agreement for said goods or services. Respondents must state in their proposal that they acknowledge, accept and are in agreement with coterminous expiration conditions.
